Fifteen - Game Baseball Season Opens Monday

Max Farrington Announces
Schedule; Dartmouth
First Opponent

MANY NEWCOMERS

Exhibition Game With
Washington Planned
for April 15

By John Busick
A 15-game baseball schedule with the season listed to open here with Dartmouth Monday was announced yesterday by the athletic department through Max Farrington, assistant athletic director. Six of the contests carded will be played on foreign fields while the remaining will be played here in Griffith Stadium, when satisfactory dates can be arranged.

Highlights of the schedule, in addition to Dartmouth, are games with Long Island, Richmond, West Virginia, Western Maryland, and Wake Forest. An exhibition game with the Washington Nationals is tentatively listed for April 15. Other teams listed are Washington College, Delaware, Hampden-Sydney, and Quantico Marines.

Marine Games Tentative
Home and home games are scheduled with Washington College, Delaware, Wake Forest, and the Marines. The games with the Marines are tentative, the Leathernecks not having definitely decided as yet to have a team this season. Hampden-Sydney, Western Maryland, and the Richmond game in Richmond are also tentative pending final arrangements.

Newcomers to the schedule are Dartmouth, Long Island, West Virginia, and Hampden-Sydney. All usually have strong nines and combine to make the schedule the most difficult since baseball was brought back to the athletic program three years ago after an absence of nearly a decade.

In the first season under the

Whitbeck Winner Of Frosh Contest

His Speech on "American
Security" Wins Sigma
Delta Phi Competition

Speaking on "The Preservation of American Security," Frank Whitbeck Wednesday was named winner of the annual Freshman Speaking Contest sponsored by Sigma Delta Phi, women's speech arts fraternity.

Melvin A. Lewis, with the topic "Adolph Hitler," was named second place winner. The contest was judged by Dewitt Bennett, Gilbert Hall, and Mrs. Frank Smith. The cup will be presented to Whitbeck at class night in June.

"Men have said that without vision and proper armaments nations perish," Whitbeck stated in his speech, "but American people will not perish. Governments will change, conditions will change, but American vision and principles of security will not change."

Mrs. William C. Johnstone, wife of the dean of the Junior College, acted as chairman of the contest. Other speakers and their topics included: Edwin M. Cagle, "The Voice of the Cabinet in Congress"; Reba Edelman, "A Call to College Youth for Academic Freedom"; Edward J. Taggart, "War"; Sanford Wechsler, "A Task for Youth"; and John E. Willard, "Why We Do Not Want a Dictatorship."

Phi Deltas Hear Halleck

Representative Charles Halleck of Indiana related impressions as a new member of Congress in an informal address at a dinner given by Phi Delta Phi international professional legal fraternity, at the Hay-Adams House Wednesday. Congressman Halleck is a member of the University of Indiana chapter of Phi Delta Phi.

National Symphony Drive Nets \$100 in University

Over \$100 has been pledged and donated by various groups and individuals in the University in support of the 1935 National Symphony Drive.

Chief contributor was the University Faculty Club which donated \$25. The Symphony Club, a student organization, has pledged \$25 and will present Martin Boyce, prominent Washington pianist and member of The Catholic University faculty, in a benefit recital for the Drive on April 11. Admission to the recital, to be held at the home of Dr. and Mrs. Cloyd H. Marvin at 8:30, will be fifty cents. Tickets may be procured in Miss Dickerman's office on the second

West Virginia Will Meet Women Debaters Tonight

Edelman, Garner, Humphrey Uphold Affirmative for C. W.

Reba Edelman, Jennie Garner, and Frances Humphrey will debate the question, Resolved: That the manufacture and sale of munitions should be a government monopoly, with the women's debate team of West Virginia University tonight at 8 p. m. in Stockton Hall.

The George Washington University team will uphold the affirmative of the question against Charlotte Meredith, Elizabeth Willets, and Martha Williams representing West Virginia.

Miss Jane Holt, sister of Senator-elect Rush D. Holt of West Virginia and his hostess in Washington, will act as chairman of the debate.

This afternoon the George Washington chapter of Sigma Delta Phi, honorary speech arts fraternity, will entertain at tea in honor of the West Virginia debaters at the clubhouse of the American Association of University Women.

Members of the West Virginia State Society, headed by Edward Nunnally, president, will attend the debate tonight which is open to the public.

Reba Edelman and Jennie Garner represented the University against William and Mary University last Monday at Williamsburg in a no-decision debate.

Futrovsky Names Four Associates To Head Fiesta

Ennes, Pope, Strandell,
Wilkins Will Act As
Division Heads

Howard Ennes, Ross Pope, Everett Strandell, and Don Wilkins have been made associate directors of the University Fiesta. Each of the associates will have charge of a major division of the Fiesta. Sam Futrovsky, director, said. Ennes will act as general aid to the director, and will handle several miscellaneous divisions of the project. Pope will be in charge of artistic exhibitions, Strandell will supervise all concessions, and Wilkins will be public relations counsel.

Howard Ennes will supervise the research committee, which is already at work on novel ideas which will help put the Fiesta over, the Fiesta program and all other printing, the property division, and the Fiesta radio system.

Ross Pope will supervise vaudeville, athletic exhibitions, free prize distribution, and the art and music sections. He also will act as general assistant to the director.

The functions of the concessions and publicity divisions to be handled by Strandell and Wilkins.

(Continued on Page 4)

Princeton, G. W. Debate Monday

Price, Pierson To Discuss
International Munitions
Problem

Dix Price and Ted Pierson will represent the Men's Debating Team in its last home debate of the season with Princeton University in Corcoran 10 at 8:15 Monday evening.

George Washington will uphold the negative of the question, Resolved: That the nations should agree to prevent the international shipment of arms and munitions. On the same day Arthur Murphy and Philip Merryman will uphold the affirmative of the same subject against the University of North Carolina at Chapel Hill, N. C.

These two debates close the varsity season for the men's team.

To Dance

Helen Bealke, dance director of Troubadours, who will dance tonight in "Bride of the Incas," despite injuries received in an automobile accident Saturday. She will perform only one of the specialty numbers for which she was scheduled, a waltz duet with Edward Stevingson. Amanda Chittum will substitute for her in the "Sneaky Riff Raff" tap routine.

Buys, Benter Top Impressive Guest List of Band Fete

Kayser Toastmaster at Banquet April 8 Which
Ends Activities

Officially climaxing the year for the Football Band and precluding the appearance of the projected concert band, the University Band tonight will entertain at the Admiral the evening of Monday, April 8, with a number of prominent bandmasters, University officials, and student activity leaders present.

Peter Buys, one of the leading members of the American Bandmasters Association and one of the nation's ranking composers for band, will be the honor guest and principal speaker. Buys is director of the Municipal Band in Hagerstown. His compositions have been played extensively by all three of the service bands here as well as by other organizations in most of the principal cities of the United States.

Elections To Be Held

At the conclusion of the banquet, the bandmen adjured to have been most valuable to the University Band during the past year will receive the silver Director's Cup from Director Louis Malkus. Bandmen who have completed three years of outstanding service will receive gold keys. Election of officers and announcement of the Band Captain for the coming year will also take place at this time.

Dean Elmer L. Kayser will officiate as toastmaster at the banquet. Spencer Howell, well known local magician, will give a demonstration at the banquet and Sylvia Kaplowitz, accordionist, who performed at last year's banquet, will again appear.

Lieutenant Charles Benter, leader of the United States Navy Band, will be present at the banquet, as will Professor Lowell Joseph Ragatz of the University history department. Members of the University committee on music have been invited and Dean W. Paul Briggs will speak at the banquet.

Speakers Named

Others who will speak are Coach Pixlee; Ludwig Caminita, intramural coordinator of activities; and Orrin Bartlett, president of the band. Guests will include Max Farrington, assistant director of athletics; Jack Espey, director of sports publicity; Sam Futrovsky, director of the Fiesta; Ted Pierson, president of the Student Council; and James Haley, editor of The Hatchet.

Platform Declared By Leftist Group

The Party of the Left was last week the second party of the planned George Washington Union to present its program to the University student body.

The Party's program, according to Charles Kiefer, assistant chairman of the group, does not attempt to make known its attitude in any particular case, but instead presents the broad, fundamental principles upon which it rests.

The text of the platform appears upon the editorial page of this issue.

Ziman Announces Vaudeville Contests For Fiesta Show

Revue Tryouts April 2 and
4; Next Tuesday Is
Deadline for Skits

A contest to furnish 25 original skits for the Fiesta vaudeville show, renamed the Fiesta Follies of 1935, was announced Sunday by Edmund Ziman, chairman of the show.

Members of the student body and the faculty of the University are eligible to enter the contest which closes next Tuesday at 6 p. m. Skits entered may be satirical, humorous, or dramatic, the chairman stated, but they should not take more than 10 minutes to present.

Types Outlined
Skits should be based on University life and incidents, or political and college life peculiar to Washington.

Tryouts for parts in the revue, announced in last week's Hatchet as April 2 and 3, will be held in Corcoran 10 from 8 to 10:30 p. m.

Judges in the revue skit contest will be Prof. Douglas Bement, Prof. Harold F. Harding, and Ziman. Manuscripts should be in the hands of the Fiesta directors as early as possible to assure careful judging.

"Smooth Flowing Revue"

"The Fiesta Follies of 1935," Ziman said Sunday, "will be more than the usual vaudeville. The shows will be coordinated into a smooth-flowing original revue with many new twists and acts."

Director Ziman is planning his revue to cover all types of acts, including acrobatic stunts, adagio teams, blackouts, choruses, comedy teams, dances, instrumental solos, magicians, singers, and all other types of revue acts.

Rules Announced In Queen Contest

Competition Is Open To
Women Regularly En-
rolled in University

Regulations governing the nomination and election of the Queen of the University Fiesta were released Sunday night by Charles Hallam, chairman of the contest, which is being sponsored by The Hatchet. The rules are:

1. Any woman regularly enrolled in the University is eligible for nomination.

2. To be nominated a woman must present at the Publications Office, Building V, not later than April 13, a petition signed by 10 bona fide students.

3. Any regularly enrolled student is eligible to cast one vote.

4. If any student is found to have cast more than one vote, all votes cast by that student shall be declared invalid.

5. No vote shall be valid unless cast on one of the prescribed forms which will be printed in The Hatchet, properly filled out and accompanied by the yellow slip bearing the student's name and address, clipped from the front page of The Hatchet.

6. Votes shall be deposited in the box, "Fiesta Queen Ballots," located in the entrance of the Publications Office.

7. Names of all nominees will be published in the issues of April 16 and April 30, in which the ballots will appear.

8. All election returns will be published in full by The Hatchet, both during and following the election of the Queen.

Perry Is Subject Of Radio Drama Over WMAL Sat.

The third series of the student radio programs, "The World Builder," written by John Hazard, will be broadcast over WMAL at 8:00 p. m. Saturday.

The skit deals with Admiral Oliver Calhoun Perry's experience in opening up Japan to United States commerce. Saturday's broadcast will come one day before the eighty-first anniversary of the treaty drawn between the United States and Japan.

Douglas Bement, faculty adviser, has announced the following cast: Admiral Perry, Hamilton Coit; commander, John D. Rappolt jr.; Mr. Grinnell, Calvert Hines; lieutenant, Gardner Crabbe; Daniel Webster, Barry Simpson; President Fillmore, John Coggins; seaman, Harry Foneroff; Captain Adams, Deane Bryant; Inspector Jones, Jacob Lyman; and sergeant at arms, Roy Bateman.

Amanda Chittum and Margaret Long will take the two women's parts. K. Miho and Jacob Ziman will speak the Japanese and Dutch lines, respectively. Barry Simpson will act as student announcer.

Law Review Has Article by Krieger On Indian Rulings

March Issue Includes Study
of NRA By Senior
Law Students

The March issue of the George Washington Law Review, off the press this week, will carry a leading article by Heinrich Krieger on recent legislation affecting Indians in the United States according to Prof. John McIntire, Review editor.

Krieger holds a fellowship from the University of German Knowledge under which he has been conducting research at the Library of Congress on lives of American Indians, preparatory to publishing a dissertation on "American Racial Law". The German scholar was a transfer student at the University of Arkansas in 1933-34.

NRA Analyzed
A study of legal and economic problems affecting the oil industry governed by the National Industrial Recovery Act will be analyzed by W. Earl Masineup and Donald J. Sherbondy, senior law students.

The third leading article, "Security Exchange Commission's Power of Search," is the first known article that treats the new commission's power to search brokerage and other houses dealing in securities in order to obtain evidence for prosecution of violators of the act. O. S. Colclough, senior student, is the author of the discussion.

Editorials Included

Two editorials by senior students will be contained in the Review. "Suits against the State or Agencies Thereof" is treated by Wilburn C. West, while "Reorganization in Income Tax Legislation" is edited by Wilma E. Van Deman.

Ten recent cases are reviewed in the issue, among which is Federal Land Bank of St. Louis vs. Puddy, which involves the states of the Federal land banks as foreign corporations with the state other than that in which it has its principal office.

Eminent Domain Treated

national interests in eminent domain is carried, as well as a contract case brought by the Public Works Administration against a municipal corporation.

Prof. J. Forester Davison, law faculty, also reviews "Administration Legislation and Adjudication," recently published by the Brookings Institute.

Six Organizations Plan War Strike

Representatives To Formulate
Plans for Peace
Demonstration

Representatives of six organizations will meet in Jenner's Cafeteria at 7 p. m. tomorrow to formulate plans for the strike against war on the campus to be held April 12 as part of a nation-wide demonstration.

Jean Scott, chairman of the Central Strike Committee of Washington, composed of representatives of George Washington, Maryland, American, and Howard Universities, will preside.

Plans will be developed for the strike scheduled for 11 a. m. April 12. The feasibility of a strike for night school students to be held at 6 p. m. the same day will be discussed.

At the meeting Wednesday three members of each of the following organizations will be present: The Student League of Industrial Democracy, the National Student League, the Left Union Party, the Liberal Club, the Wesley Club, and representatives of a group of 13 members of Delta Zeta.

McKinley Chosen Advisory Editor

Dr. Earl B. McKinley, dean of the Medical School, was recently selected as one of the advisory editors of the newly organized editorial staff of the official journal of the Society of American Bacteriologists.

This society represents the official body of scientific workers in the field of bacteriology. It has several hundred members throughout the country. Representatives from Harvard, Columbia, Yale, and the University of Chicago Medical Schools, and the Rockefeller Institute for Medical Research are also on the advisory editorial staff.

Dr. Cooper Opens New Series at Chapel Friday

Dr. William J. Cooper, professor of education, will discuss "Christianized Education" at the regular weekly University Chapel Friday at noon in Corcoran 10.

This is to be the first in a series of four talks on the general topic of "The Influence of Christianity Upon the Professions."

"Bride of the Incas," Troubadour Play, Opens Tonight at Roosevelt

Play Leads

MARION FOLSOM

Peggy Moore Sits In Silence As She Sews and Sews

By Sandy Shore

In the silence of a lonely room in the uppermost southwest corner of Columbian House sits Peggy Moore, costume mistress of "Bride of the Incas," alone with her troubles. On her has fallen the task of creating the more than 150 costumes that are necessary to clothe the principals, and the choruses of the musical.

All through these last three weeks she has been practically unaided. The afternoon we popped in on her, the aid she did have seemed to be largely masculine except for Eloise Thomas. Personally we participated in a little plain and fancy cutting for five hours, because the little lady needed help so badly and, incidentally, cast our one good eye over Peggy's creations.

Perhaps the most attractive costumes are those white organdie dresses worn by the dancing chorus in the waltz number, "My Darling." They have ruffled insets near the hemline and ruffled motifs at the shoulder. For "You Won't Do" the girls will wear short red and white checked jumpers with a series of box pleats and crossed straps. The white blouses have huge checked bows.

Black satin pajamas, halter style, will be worn by the dancing darlings for kick routines of "Symbol of Love." Especially tricky costumes in green and gold, a sort of glorified overalls, topped by bold high hats have been created for the "Sneaky Riff Raff" number.

In addition, Peggy has made scores of white robes with deep borders of green for the Inca priestesses. The Inca warriors will be garbed simply in robin's egg blue skirts and a heavy coat of paint.

Debate Tourney Starts; 27 Societies Compete

The first round of the Delta Sigma Rho debating tournaments, in which 12 societies and 15 fraternities are entered, will be held April 9.

Resolved: That the Federal Government should adopt a policy of equalizing educational opportunities throughout the nation by means of annual grants to the several states for public elementary and secondary education. This is the subject on which the societies will debate. Resolved: That legislation should be enacted providing for immediate cash payment of the soldiers' bonus.

Estelle Wentworth, Samuel Detwiler Direct Rehearsals

PLAYS THREE NIGHTS

Marion Folsom, Dick Hill, Austin Gattis Fill Leading Roles

"Bride of the Incas" the 1935 musical comedy of the Troubadours, opens tonight at the Roosevelt Auditorium at 8:15 p. m., after seven weeks of rehearsing under the direction of Estelle Wentworth, production coach, and Samuel Detwiler, managing director. The performance will be repeated Wednesday and Thursday.

The men's and women's choruses provide a background for the cast which is headed by Marion Folsom, as the ingenue, Dick Hill, carrying the male lead, and Austin Gattis in the "heavy" role.

Amanda Chittum, Cue and Curtain veteran, will be seen playing opposite Gattis as a vamps Peruvian lady, while Louise Erk and Fred Stevenson, comparative newcomers, will essay the comedy characters.

Cast Listed

The cast also includes Charles Hughes, Edward Stevingson, Anthony Siciliano, William Jordan, Richard Coe, Dan Anderson, Hamilton Coit, Paul Oberlin, and Melvin J. Law.

Samuel Detwiler, George Irving, and Cyril Flannery are co-authors of the play, and Rudy Moeller's music and arrangements are being used throughout. Moeller and Eleanor Hubert will play the two pianos which will accompany the show.

The whole production is under the general supervision of Samuel Detwiler as managing director and George Irving as production director. Others on the Troubadour staff include: Floyd Sparks, stage manager; Floyd Sparks, business manager; Helen Bealke, dance director; Margaret Moore, costume mistress; and Gordon V. Potter, publicity director.

Choruses Changed
Disregarding the custom of former years of having three dancing choruses, the troupe, in this year's production, has decided this year on one. Another novelty in this year's production is the singing.

(Continued on Page 4)

Sparks Elected Dramatics Head

Heckel Named Business
Manager, Gusack Drama
Board Member

Floyd Sparks was elected production manager of Cue and Curtain for the remainder of the year at a meeting of the club held last Tuesday night in Corcoran 22.

He will fill the vacancy left by the graduation of Karl Gay who formerly held this position. Al Heckel was elected to take Sparks' place as Business Manager, and Adele Gusack was elected to the Drama Board to fill Gay's position there.

Harold A. Weinberger, who directed "Goodbye Again," Cue and Curtain's recent comedy, was selected to direct the third play of the year, the name of which must be withheld at this time due to copyright technicalities which have not yet been cleared up, according to Sparks.

A motion was carried to request that a course in dramatics be included in the University Curriculum next year.

Other business completed at the meeting was the promotion of all students who have worked with the organization this year to association membership. Election of active members was deferred until after the production of the last play.

Exitus Acta Probat

Bar Undeveloped

THE life of any organization is measured by its administrative machinery.

Whether the Student Bar Association lives to serve student lawyers next year will depend on the activity of the administrative officers who will be elected next week.

If properly tapped, the Bar Association has wide possibilities to offer law students.

This was demonstrated last semester when over two hundred students heard four seniors argue a contract case before an appellate court consisting of two members of the law faculty and a District of Columbia supreme court justice.

These possibilities were further evidenced in the Bar's success in procuring for the first time a preparatory course for the District bar examination and its free Law Review subscription offer to members of the Student Bar.

But only the bare possibilities open to the students have been touched.

Responsibility for increasing the membership and enlarging the scope of the Association will fall to the new officers.

To candidates in the coming elections, The Hatchet urges the adoption of a four-point program calling for:

1. A drastic reduction in dues; the present four-dollar fee should be cut to two dollars on the theory that more students can possibly be arranged.
2. A more elaborate law practice program bringing to the Bar more speakers who are prominent in specialized fields of law, and more appellate court case arguments before recognized jurists.
3. Subscription to the Law Review to be included as a feature of membership in the Association.
4. A definite social program calling for two major functions each year.

Union Explained

WHAT is the George Washington Union?

That's the question that is being asked with rather impressive frequency around the general neighborhood of 21st and G sts. these days. Every-one seems to understand the positions taken by the Union's three parties, Center, Left, and Right, but a thick fog surrounds the Union itself.

To begin with, there isn't any Union as yet. Its members will be elected next fall. There is, however, a union organization committee of about one hundred members which will meet in Corcoran Hall tomorrow night. This committee has already approved a constitution which will be the basis of the Union.

The Union will consist of one hundred members when it gets under way next year. Fifty of them will be elected at large and the other fifty will be elected from ten districts of the United States, but all of them, of course, will be members of the G. W. student body.

Every member of the Union will be a member of one of the three parties.

Finally, the Union will sit, somewhat after the manner of the U. S. Senate, and will discuss the problems and policies of our Government.

The Union has adopted a formal constitution which has been submitted to the Student Council for approval. While the constitution has not yet been approved, the general purpose of the organization is set out in Article II of the proposed draft, which follows:

"The purpose of the union shall be two-fold: (1) to enable the students of the University to gain a political and economic point of view which will have been arrived at by independent thinking, and (2) to provide an organization which will give the students of the University practical experience in politics and parliamentary procedure."

Band Conclave?

IT has long been planned by members of the University Band to hold a high school band contest conclave for secondary schools in this vicinity.

Thus far nothing has been done about it. In spite of the almost ideal local conditions for fostering such a University institution no actual progress towards it has been made.

Among possibly ten first rank concert bands in the United States, three are located within Washington. Besides the leaders of these organizations, there are several more nationally known bands

masters within a convenient radius of the city. Conditions such as these assure competent and efficient judging for the contest.

Furthermore, the area consisting of the surrounding states about the District of Columbia is the only area in the United States not having an official annual contest for determining the state champion bands.

The University Band in sponsoring such a movement would be performing a direct service to the community. High school bands would undoubtedly be glad of the opportunity to participate and compete in a state or sectional contest.

It would, as well, be of service to University bands in this vicinity since it would raise the standard of high school bands and bandmen and thus in the passage of few years effect the musical organizations of local higher institutions.

JUST BETWEEN US

Fiesta Plot Checks O. K.; Inca's Hero in Condition

Troubles of Troubadour Troupers! Pan-Greek Scholarships

By VERA VOLZ

NEWS notes for doubters of the capacity of the area back of the Art School and International House to support the kind of celebration the spring Fiesta promises to be; directors have gone over the plot very carefully with a footrule and report its measurements to be 195 by 150 feet. Since this is really almost as large as the usable part of the main yard, the arguments against disruption of neighboring classes as well as disruption of the landscaping should certainly prevail.

A BRIDE will be wrested from the Incas tonight, tomorrow, and Thursday to the words and music of Troubadours. The following are some of the facts which will not be in the least apparent when this event takes place.

The high priest is, unfortunately, frequently late for the sacrifice, but after all, he cannot, as Director Estelle Wentworth points out, be expected to know that they are taking the last act not last but first.

Disaster has stalked the principals, in the form of voice-cripping laryngitis for the heroine, Marion Fulsom, and an automobile accident which will keep dancing star and director Helen Bealke from performing with her well drilled units.

That same delightful chorus is the despair of the costume department because they insist on slitting up the skirts of their Incas when the costumes are made.

And the costume department, by the way, was until two days before the opening one Peggy Moore, single handed, with one sewing machine and endless bolts of satin. Then the mainstay of her staff became Elmo Travers, fresh football player before he became an amateur Adrian.

The big difficulty, however, is the condition of training of the hero, Dick Hill. After a furious battle for the life of his love, the young archeologist must sing the solo finale with such breath as he can save from the combat. On Sunday he was both practicing this and cooperating with the student director by shifting the heavy Troubadour scenery flats, accumulated since 1919, across the campus, and then trying to go into his song.

But the rehearsal note which more than any other would have appealed to Cue and Curtain first or even second nighters was the marked resemblance of the director to Mrs. Pampinelli of Torchbearers fame.

If the project of the Pan-Greek scholarships, so enthusiastically received in name by the social fraternities and sororities who are to support it, is to go through, the contracts assuring its financial success must come in at once.

For those who question just what benefit the participants will derive from their seeming philanthropy in bringing an outstanding boy and girl graduate of the local high schools to George Washington each year, there is a real answer.

The social groups have part of their claims to a justified existence on the fact that they stand for that important side of college which is concerned with the graces of living and with achievement apart from, though far from excluding, the solitary attainment of study. What better way can they demonstrate their seriousness in developing this type of man and woman than by making it possible for boys and girls who have shown marked tendencies toward such development to come to the institution which the contributing chapters represent and have at heart?

The University has recognized the desirability of the project by offering to match the sum which the groups offer and thus make two scholarships possible.

If, however, many groups withhold their contributions, the burden on those cooperating will be so great that the project must be abandoned. Certainly the fraternities on campus are not so insensible of their opportunities as to permit that to happen.

Nash's New Opus Is Rosy Success

New Dickens Appears in Maurois' Book

By BROOKE STEWART

IF you have any pet convictions or pet aversions, you'll probably find them echoed in one or more of the hundred and some poems in "The Primrose Path" (Simon and Schuster, \$2.50) which is Ogden Nash's latest effusion.

You may have read some of them in "The New Yorker," "The Saturday Evening Post," or "The Continental Distilling Corporation Recipe Book" depending upon the state of depravity of your taste.

No subject, significant or insignificant, is scorned; human nature, husbands, Republicans and even much maligned Huey. They all get theirs, witness:

"Huey, dressed in the finest clothes,

Fell in the washroom and bruised his nose.

Later, in his quest for knowledge,

Huey bought himself a college.

Huey's whimsies never pause—

Ain't he cute? He makes our laws."

Then there's an introduction signed "George Bernard Stein," which is almost as Shavian and Steinian as it is Nashian, to the effect that most radical Mexican artists have a very high opinion of Mr. Nash.

If you're tired of love poetry, and people who go about sneezing in your face—here is rest and respite. Besides being remarkably clever verse, this monument of nonsense is profusely illustrated by Mr. Soglow, which ought to have attraction enough for even a tired Fiesta director.

ANDRE MAUROIS, French biographer, presents a new life story. As usual, an Englishman is his subject. "Dickens" (Harpers Bros. \$2.00) is a book fresh and rich in English idiom, suffering little from translation. It is the more significant for the lately awakened interest in that author through the films and his hitherto unpublished letters and manuscripts which have recently appeared.

Throughout the book, are delightful little snippets from Dickens' novels, serving to illustrate the text.

The import of the book is that the key to Dickens' work was comfort and contentment. In his novels of revolt he isn't demanding equality or social reform beyond the point that every family should have its own hearth and Christmas dinner. Dickens' consistent conception of the happy family of hale hearty members merrily gathered under one roof is inevitably brought into everything he has written.

Maurois tries successfully to vindicate Dickens from the accusations leveled by recent critics of prudishness and hypocrisy.

This book, though not the greatest biography of our time, presents its subject in a kindly sympathetic way as to leave the reader with a warm understanding of Dickens as a composite man.

There are now more G.C.C. camps in the U. S. than there are colleges and universities. The former numbers 1641 and the latter 1466.

Dr. Earl B. McKinley, dean of the Medical School, has recently been selected one of the Advisory Editors of the Journal of Bacteriology, official organ of the Society of American Bacteriologists.

Did You Know That ---

By MARY E. KUNNA

THE George Washington University general library has a complete set of Blasco Ibanez, each copy of which was personally autographed by the author and donated to the Library upon the occasion of the conferring of an honorary degree upon him by the University in 1922.

There are now more G.C.C. camps in the U. S. than there are colleges and universities. The former numbers 1641 and the latter 1466.

Dr. Earl B. McKinley, dean of the Medical School, has recently been selected one of the Advisory Editors of the Journal of Bacteriology, official organ of the Society of American Bacteriologists.

'We Must Force Students To Think,' Says Dean Doyle

By Howard Eanes

"The professor's business is not to tell you what to think, but to put problems before you as objectively as he can," Dr. Henry Gratton Doyle, dean of Columbian College, told members of the Freshman Class last week.

Dean Doyle spoke on "Present Trends in Education" as the first of a series of lectures by guest speakers to be given before freshmen rhetoric classes under the direction of Professor Dewitt Croissant. John R. Mason, University librarian, spoke Tuesday on "The Use of the Library."

Dean Doyle criticized educators in general when he said "Too many of us have presented our classes with facts and then have expected the students to give them back parrot-like."

"That is not our business. We must force students to think for themselves," he emphasized.

Turning to a general review of the educational set-up at the present time, Dean Doyle predicted that "in the next 10 or 15 years the Junior College type of University organization will be the universally accepted form. Ten years ago there were less than 200 schools with this type of organization. Now there are more than 500 Universities so organized with more than 1,500,000 students enrolled."

Dean Doyle declared "The era of the elective system in the early years of higher education is past. Recognition of the fact that the

person to complete all of the courses now being offered by Yale University.

A chemistry professor at Harvard University was obliged to eat his shirt by losing a bet. He dissolved the shirt in an acid, neutralized the acid with a base, filtered the precipitated material, spread this on a slice of bread, and ate it.

A recent vote at Hunter College, New York, showed that only one out of 650 freshmen girls plans to marry at graduation.

The Illinois University faculty offered a prize of \$25 for the most clearly written exam paper. They stipulated that the winning paper must be understandable to the average college freshman.

Forty years' study is necessary to earn a first class degree at the University of Lhasa, Tibet. An ordinary degree requires 20 years' study.

The home economics department of Alabama Tech recently graduated its first male.

At Southern California University when a student discovers another student cheating, he begins stamping his feet. The whole class then takes up the stamping until the cheater stops his foul tactics.

Most recent statistics from an investigation at U. of Iowa show that out of eleven campus engagements one results in marriage.

Left Party PLATFORM

THE Party of the Left at the George Washington Union has adopted the following platform:

1. We defend the rights of labor, including workers, students, and professionals.

2. We are opposed to nationalism, imperialism, fascism, and war as forces of the destruction of civilization.

3. We advocate the adequate extension of the public school system to include elementary and higher education, with Federal aid, as opposed to retrenchment.

4. We uphold the principle of social, economic, and political equality for all racial, national, and religious groups.

5. We advocate a broad system of unemployment and social insurance, and old age pensions for all workers at the expense of the employer and state, as exemplified in H.R. 2827.

6. We believe in international co-operation.

7. We advocate a socialized economic order, where the natural resources are owned by society, where production is planned for use, as against private profits; and where the democratic process is extended to workers, students, and professionals, in the conduct of the social order.

More particularly the Party of the Left favors:

1. Faculty and student control of University curricula and campus activity.

2. The strict enforcement of section 7a of the NRA as defined by the National Labor Relations Board.

3. We oppose the vast sums appropriated by Congress for national defense.

4. We oppose the forces in American life as exemplified by William Randolph Hearst.

K. D. Defeats Pi Phi's to Win Bowling Finals

Semi-Finals of Second Tournament To Be Played Tomorrow

Kappa Delta carried off the girls' intramural league bowling cup last week by defeating Pi Beta Phi in the final game of the tournament by a score of 241 to 226. Kappa Delta won the right to bowl the final games with Pi Beta Phi when they defeated Zeta Tau Alpha in the semi-finals by a score of 232 to 210.

Other results of last week's play were: Kappa Kappa Gamma defeated Alpha Delta Theta, 198 to 163; Colonial Campus Club defeated Chi Omega, 215 to 171; Alpha Delta Pi won over Pi Beta Phi by a score of 216 to 208; and Phi Delta defeated Phi Mu, 281 to 119.

Matches This Week

In the "pastime tournament" being played at the present the Colonial Campus Club will meet Zeta Tau Alpha in the semi-finals Wednesday. The other semi-finals, as a result of last week's play, are Sigma Kappa and Phi Delta. The winners of the two above matches will meet in the finals Thursday.

The results of last week's play were: Phi Sigma Sigma defeated Alpha Epsilon Phi by a score of 198 to 170; Sigma Kappa defeated Delta Zeta, 199 to 88; Colonial Campus Club won over Kappa Kappa Gamma by a score of 204 to 162; Zeta Tau Alpha was victorious over Kappa Delta by a score of 213 to 207; Sigma Kappa defeated Phi Sigma Sigma, 184 to 165; and Phi Delta defeated Alpha Delta Pi by a score of 269 to 249.

Spring Festival To Aid Hospital

A spring festival and card party under the sponsorship of the Woman's Board of the George Washington Hospital will be held April 4 at the Chevy Chase school to raise funds for the University hospital.

Included in the festival will be a fashion show under the direction of Mrs. Cabot Stevens. Tea will be served by a committee headed by Mrs. Eugene Byrnes.

Mrs. Frederick E. Farrington is general chairman of the affair. Mrs. Gilbert Grosvenor, president of the Woman's Board, is chairman of patronesses; members of her committee are Mrs. William C. Borden, Mrs. Joshua Evans, Mrs. William J. Mallory, Mrs. Charles W. Richardson, and Mrs. Lloyd Wilson.

Announcement Made of Seventeen New Greeks

Three fraternities added to their roster within the last two weeks.

Kappa Kappa Gamma announces the initiation of Grace Bullard, Kathleen Bulow, Elizabeth Coale, Rachel Cooley, Emm Danielson, Nancy Gordon, Mae Hanley, Phil Klopstad, and Sheldon.

Phi Eta man society of Edw Cobb Jr., Evans, Jack, and Robert F. Turnu.

Pi Beta Phi announced the initiation of Thelma Dunb.

Barrows Entertains Advisers at Luncheon

Mrs. Vinnie G. Barrows entertained the advisers of the campus sororities at a luncheon last Monday. In the afternoon she gave a tea for the recent graduates who are interested in the American Association of University Women.

Yesterday Mrs. Barrows entertained the graduates of the past year who are interested in joining the A. A. U. W. at a tea to be held in Columbian House.

Mrs. Barrows will speak at the Pan-Hellenic meeting today.

Isham Jones, Panhel Headliner, Boasts Varied Musical Career

"You're in the Army Now" Is One of His Compositions

Isham Jones, noted song composer and orchestra leader, who will bring his eighteen-piece band to play for the Panhellenic Prom next week, got his musical start amid the inauspicious surroundings of a mining community, known as Coaltown, in southern Ohio.

His father was a mine boss, but at home was a music-lover who played all the string instruments. Isham first displayed his aptitude for music when only five years old. Standing on a chair, he would saw away at an old bass fiddle while his father played the violin. It was when the youngster changed keys with him that the father recognized the boy's real ability and began his formal musical education.

Plays Eight Instruments

About this time the Jones family moved to Saginaw, Mich. There Isham learned the use of eight instruments, and took over the job of leading a small ensemble in church concerts. Ambitious to be a musician by profession, he worked in the coal mines during the day and at night wrote music and practiced. In two years of mine labor he had done every type of duty and was progressing nicely until one day he fell asleep while driving the mules. His load was bumped by the next string of cars.

Spring in Air Stirs Romance

Calhoun Marriage, Boehs And Dutton Engagements Announced

Spring, the season of romance, brings about many announcements of engagements and marriages at George Washington this year.

Mrs. Lowndes Calhoun Connolly recently announced the marriage of her daughter, Harriet Calhoun, to Mr. Alvin Russell Barnett, student in the engineering department of the University, at Ellicott City, Md., January 21.

Mrs. Barnett attended Gunston Hall and the National School of Art. Mr. Barnett is a member of Sigma Phi Epsilon.

Several weeks ago Dr. and Mrs. Edwin G. Dutton announced the engagement of their daughter, Edwina Dutton, to Emil Herbert Bauersfeld.

Miss Dutton and Mr. Bauersfeld are both graduates of the University and Mrs. Bauersfeld will graduate from the medical school in June. Miss Dutton is a member of Alpha Delta Pi and her fiancé is a member of Kappa Sigma fraternity.

Mr. and Mrs. Randolph J. Boehs announced the engagement of their daughter, Eleanor Elizabeth, to Gardner, of Des Moines, week. Both attended Washington, where Miss Dutton is a member of Zeta Tau Alpha sorority. Before coming to George Washington, Mr. Gardner attended Western Illinois State Teachers College and Northwestern University.

Fins To Conduct Tests During Club Meetings

Fins Swimming Club will conduct improvement tests for the advanced swimmers during the regular meetings on March 28 and April 4. These swimmers have taken preliminary tests and must pass the improvement tests in order to receive emblems.

Emblems will be awarded at the Splash Party, which event will close the club's season on April 17.

S. A. E. Pledges Two Sigma Alpha Epsilon announces the pledging of Urey Alexander and John Wibbey.

Phi Mu Elects Barbara Fries was elected president of Phi Mu recently. Other officers are Isabella Counselman, pledge mistress; Helen Thompson, vice president; Eleanor Reinhart, secretary; and Kitty Black, treasurer.

Women Present Magazines The Faculty Women's Club presented a year's subscription of the three magazines, Time, Cosmopolitan, and Readers Digest, to Columbian House for the use of the students. The first copies of these magazines will be sent in April.

Class Serves Dinner In connection with its work in catering, the evening Quantity Cookery Class will serve a dinner to the women of the Faculty Club Thursday evening in the home economics dining room.

ISHAM JONES

and Isham was sent sprawling. "I just kept going," he says. "I didn't wait to be fired."

His First Success

Young Jones now decided to depend exclusively upon his music for a living, and he secured a number of engagements in itinerant orchestras around the middle West. On the side he did a little song writing. One of his early compositions, "Soldiers of the Sea," won first place in a band concert, and encouraged by this he gave more time to the writing of music. He wrote "You're in the Army Now" while serving in a training camp during the war. After being mustered out of the service Isham went right on with his music.

He organized a band of his own, and played dates in and around Chicago. He has been booked at the College Inn in Chicago, the Ambassador Hotel in Atlantic City, and the Hollywood Restaurant and the Hotel Commodore in New York. He has also appeared in stage and movie productions and has been heard regularly over the Columbia network for three years.

Spring Sports Class Schedule Is Announced

Swimming Tests To Be Given To First and Second Year Students

With the completion of the winter sports program last week the Women's physical education department will turn its attention to the spring sports schedule which will begin Monday, April 1. All members of the various classes must appear in correct uniforms, according to Miss Ruth Atwell, physical education director.

Students registered in first or second year physical education who have not passed swimming tests are required to take a swimming class. Those women passing the required tests may have their choice of classes in baseball, golf, tennis, riding, or swimming.

The Class Schedule

Swimming classes will be held at the Y. W. C. B. as follows: Elementary, Monday and Wednesday, 2 p. m., Tuesday and Thursday, 3 p. m.; Intermediate, Monday and Wednesday, 2:30 p. m., Tuesday and Thursday, 3:30 p. m.; advanced intermediate, Monday and Wednesday, 3:30 p. m.; advanced, Monday and Wednesday 4 p. m. Life saving instruction will be taught in the advanced classes if desired.

Baseball games will meet Monday and Wednesday, 4:30 p. m., Tuesday and Thursday, 1:45 p. m.

Golf instruction will be given Wednesday and Friday, 11:20 a. m., Tuesday and Thursday, 1:30 a. m.

Tennis classes will be held Wednesday and Friday, 12:30 p. m., Tuesday and Thursday, 2:30 p. m.; Monday and Wednesday, 4:30 p. m., Tuesday and Thursday, 1:45 p. m.

The hour for all riding classes will be arranged according to the schedule of the students who sign up for this sport. A special fee of 50 cents has been secured.

Archery will be open to only limited activity students. The classes in this sport will meet Monday and Wednesday, 2:30 p. m., Tuesday and Thursday, 2:30 p. m.

Panhellenic Bridge Contest Nears Finals

Saturday marks the finals of the Panhellenic bridge tournament which will be played at noon in the Pi Beta Phi rooms. Chi Omega will play Kappa Kappa Gamma and the winner will play Sigma Kappa. A silver cup will be presented to the victors of the Panhellenic Prom April 15.

Just A Line To Annabelle

Social Calendar Filled To the Limit Within the Last Week; Phi Sig "Weigh-Your-Date-Dance" Scheduled Tomorrow Night

Dear Annabelle:

I certainly did enjoy your nice letter which arrived so promptly Friday morning. I know I'm answering this too soon, but there's been so much happening that I can hardly believe that it's only been a week since I last wrote you.

I neglected to tell you last week that S. P. E. entertained their grand secretary at a reception last Sunday and that Mrs. Joseph S. Safer, patroness of Phi Sigma Sigma, entertained the girls of that sorority at a tea the same afternoon.

Phi Mu held a formal dance at the Lafayette Hotel Wednesday night and I'm told a goodly crowd was there. The same evening the alumnae association of the former School of Nursing of G. W. held a dance at the Kennedy-Warren. You didn't know we used to have a School of Nursing, did you, Annabelle?

Friday afternoon, the Symphony Club gave a tea in Columbian House and that evening the Frosh Frolic "broke even" at the Kennedy-Warren. Everybody voted it a grand dance, though something should be done about making people enter into the spirit of the Grand March.

Four fraternities gave dances Saturday night, Delta, S. A. E., Sigma Epsilon, and Theta Delta. I don't see how they had enough girls to go around that evening lasting until midnight, what with the Troubadour rehearsals.

You certainly would have enjoyed Dean and Mrs. Johnstone's tea Sunday afternoon. Not only oodles of students but many faculty members were there. Aren't the Johnstones nice to go to all that trouble?

Tonight, tomorrow night, and Thursday night, Troubadours will hold their own and as their reward, Sigma Chi is going to play host to the cast, choruses, and production staffs of the "Bride of the Inca".

The prize dance idea, though, is the Phi Sig radio dance for the freshman deficit tomorrow night. The price of admission will be one-fourth of the weight of the feminine half of the date. That reminds me, Annabelle, I must start my annual spring reducing program.

Some of the duckiest advance spring fashions were displayed by the feminine members of "Goodbye Again" last week. Especially noteworthy was Verna Volz' two-piece flannel coral suit. The coat was a belted bi-swing model. Amanda Chittum's biege traveling costume boasted a three-quarter length coat and a burnt orange kerchief at the throat. I especially liked Adele Gussack's sailor hat. The style is so becoming that I understand she has them by the dozen in various colors.

Don't hold your breath 'til you hear from me again, Annabelle.

Love,
RUTHIE.

Women Riflers Close Season

Meet Southern California, Maryland U. in Final Matches of Year

The women's rifle team will close its intercollegiate season Saturday when it meets Maryland University and the University of Southern California in matches to be fired via Western Union.

Southern California is a new opponent on the schedule while Maryland is George Washington's traditional rival in rifle. Last year George Washington defeated the Maryland women in a close match which was decided only after an official National Rifle Association checkup. It was the first George Washington victory in three years' competition with Maryland U.

After the intercollegiate matches on Saturday two local matches remain on the schedule before the close of the rifle season. An alumni-varsity match will be staged early in April as will a match between this year's captain and the captain-elect for next year. The class matches are now in the third round and will be completed this week.

No Parking

worries at the Maryland Gardens. Let the uniformed attendant park your car and return with the key while you check your wraps.

Start with one of Ernest Abt's inimitable cocktails, and you are ready for an evening of real enjoyment of dining and dancing.

WHEN YOU FEEL TIRED UP...

GET A LIFT WITH A CAMEL!

"I'M AN ENGINEER—working on the San Francisco-Oakland Bridge. Before that, six years in the army taught me the value of smoking a Camel when 'below par.' I smoke all the Camels I want, too, without getting jumpynerves. And Camels are mild and gentle to the throat." (Signed) RALPH A. TUDOR

"I'M SPECIALIZING IN HISTORY—French and English history," says Laurence Brewer. "In addition, I have a job in the library for four hours a day, and I also work up data on material for the debating team. I'll tell you—it keeps me going hard. I've got more work than time. When I'm hard pressed, smoking Camels is not only a pleasure—it's a help, too. For when I feel 'fed up'—and it seems as though my energy were all used up—I smoke a Camel and get a lift in energy. Camels have a swell, rich flavor; due, I presume, to the use of choicer tobaccos. I smoke as many as I want to—for Camels don't ruffle my nerves." (Signed) LAURENCE ALFRED BREWER, '37

MILLIONS MORE FOR YOUR ENJOYMENT!

"Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand."

(Signed) R. J. REYNOLDS TOBACCO COMPANY Winston-Salem, N. C.

CAMEL'S COSTLIER TOBACCOS NEVER GET ON YOUR NERVES!

"EVERY WOMAN prefers a milder cigarette. For years I've been smoking Camels because they are mild—and at the same time have a delightful rich flavor. I know these things don't just happen in a cigarette. There must be a reason, and I think it lies in the fact that Camels use finer tobaccos." (Signed) HELENE BRADSHAW

Poor Penelope

We always suspected that Penelope kept ripping out her web only because she couldn't get it to fit. There was no Tioga Yarn Shop to take her measurements and give her personal instruction. You have the advantage over her. You can be sure of knitting a perfect-fitting Easter ensemble by consulting the

Tioga Yarn Shop

Medical Students Hear Dr. Fishbein Discuss "Quacks"

Mentions Mary Baker Eddy, Franz Mesmer, Sigmund Freud

Denouncing the theories of Mary Baker Eddy, Sigmund Freud, and Franz Mesmer, Dr. Morris Fishbein, editor of The Journal of the American Medical Association, addressed the students, faculty, and invited guests of the Medical School Wednesday in the Medical School building.

Talking on "Quackery," Dr. Fishbein discussed the gullibility of the American public. He is one of those who have been outspoken in their attacks upon Freudism.

Dr. Fishbein, who has been associated with The Journal of the American Medical Association since 1913, has also written many books, one of which he wrote in collaboration with Dr. White of Washington. He also writes syndicated medical columns for the Newspaper Enterprise Association.

Smith Reelected By Library Club

Alumni Name Mrs. Margaret B. Wilson To Vice Presidency

Lester Smith, '32, was re-elected president of the Library Science Alumni Club at its regular monthly meeting Sunday at Columbian House.

Mrs. Margaret B. Wilson, '33, editor of the "George Washington University Library Science Alumni Notes," new publication of the club, was named vice president.

Miss Fern Hyatt, Columbian College, '25, was re-elected secretary, and Miss Miriam Ketchum, '33, was re-elected treasurer of the organization.

John R. Mason, librarian of the University, addressed the club concerning his travels last year in England.

The next meeting of the club was set for April 25 at 8 p. m. in K-21. Professor Alfred F. W. Schmidt, professor of library science, will give an illustrated talk and officers will be installed.

Sightseeing Trips Used By History Professors

Sightseeing trips have been recognized as aids in teaching history, as is evidenced by Dr. Wood Gray's day and evening classes' tours of the old and new National Museums Saturday, and Dr. Elmer Louis Kayser's scheduled trip to the Washington Cathedral for his medieval European history classes.

Baseballers Open Season Monday

(Continued from Page 1) new regime, night baseball was attempted. The team split an eight-game schedule. Last season the team went to day baseball and won 11 out of 18 games in a most successful campaign.

E. K. Morris will again coach the diamonders. Calvin Griffith is the captain.

The Schedule:
April 1-Dartmouth
6-Long Island
8-Washington College
15-Washington Senators (tentative)
16-Delaware (away)
22-Richmond (away, tentative)
24-Washington College (away)
27-West Virginia
May 1-Quinto Marines (tentative)
4-Western Maryland (away, tentative)
6-Hampden-Sydney (tentative)
8-Wake Forest
12-Delaware
17-Wake Forest (away)
20-Quinto Marines (away, tentative)

"Bride of Incas" At Roosevelt High

(Continued from Page 1) ing choruses, under the direction of Sam DeWiler. Helen Bealke, who directed and coached the dancing chorus, and created the routines, will also appear in several specialties. Edward Stevingson will be Miss Bealke's partner in a ballroom waltz number.

3 Sets Constructed

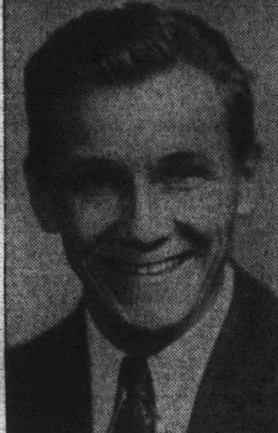

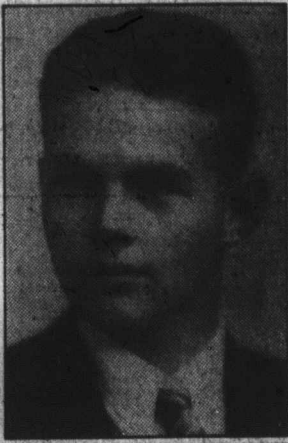

Cyril Flannery has been in charge of the designing and construction of the three scenes included in "Bride of the Incas". In the first scene he has constructed a reproduction of a paneled oak play room.

The second scene required the construction of a raised balcony and steps leading to it, while the temple scene involved the task of simulating an ancient stone edifice dedicated for centuries to the worship of the Inca sun god. The sets used in this last scene are so unwieldy that the other two will be built in front of the stage-wide platform which forms the basis of the Inca temple.

Tickets for "Bride of the Incas," may be purchased or exchanged at Building 8. In addition, the ticket booth at the auditorium will be opened at 7:45 p. m. on each of the three performance nights.

Ennes, Pope, Strandell, and Wilkins Are Made Associate Fiesta Heads

(Continued from Page 1)

Associate directors of the University Fiesta, named last week by Sam Futovsky, director, are left to right, top row, Howard Ennes, general assistant to the director, and Ross Pope, who will supervise vaudeville, art, and music; lower row, Everett Strandell, in charge of concessions, and Don Wilkins, public relations counsel.

respectively, will be more concerned in writing to the Student Council office, second floor of Building O.

Positions Open
Everett Strandell, who was assistant concession superintendent of last year's Fiesta, announces that positions are open on the concessions staff for stenographers, accountants, exhibit superintendents, ticket saleswomen, and runners. Applications should be made in writing to the Student Council office, second floor of Building O.

Don Wilkins is serving for the second time as public relations counsel of the Fiesta. He will be in charge of all publicity, both on the campus and downtown, including posters, newspapers, and radio. Applications for positions on the publicity staff are also invited.

Bar Association To Plan Election

Requirements for Participation Announced By President Bobbskill

Plans for election the first week in April of Student Bar officers will be laid Thursday when the executive committee meets according to Stanley W. Bobbskill, Bar president.

The president must have completed 50 semester hours by next fall before he can hold office. The secretary and treasurer may be elected at large from any class, while two vice presidents from each class will be named from their respective classes.

Bar dues should be paid at once to Miss Anna Bischoff in the dean's office, to Yule Fisher, Bar treasurer, or to Stanley Bobbskill. Bar members will neither receive their March issue of the Law Review nor be allowed to vote in the election unless dues are paid in full.

Debate Tourney Starts in April

(Continued from Page 1) at the same time and the same rules apply.

The schedule of fraternity debates is as follows: Sigma Mu Sigma, affirmative, vs. Phi Sigma Kappa, negative, in Stockton 10; Acacia, affirmative, vs. Phi Epsilon Pi, negative, Stockton 32; Sigma Chi, affirmative, vs. Phi Alpha, negative, Stockton 20; Sigma Nu, affirmative, vs. Kappa Sigma, negative, Stockton 21; Sigma Phi Epsilon, affirmative, vs. Tau Alpha Omega, negative, Stockton 22; Kappa Alpha, affirmative, vs. Sigma Alpha Epsilon, negative, Stockton 30; Tau Epsilon Phi, affirmative, vs. Delta Tau Delta, negative, Stockton 31; Theta Upsilon Omega, no debate in first round.

No debates can be postponed and any team not ready to debate within ten minutes after the specified time must forfeit. There will be two constructive speeches of ten minutes and two rebuttal speeches of five minutes for each side.

International Club Hears Chalmers Speak on Trade

Thirty-five students of the International Relations Club heard Henry Chalmers of the Department of Commerce discuss "Trade Agreements" last Thursday night at the home of Dean William C. Johnstone.

Mr. Chalmers pointed out that a logical method of renewing foreign trade was through bilateral treaties with other nations, such as the ones already concluded with Cuba, Brazil, and Belgium.

The club voted one dollar to be donated to the National Symphony Orchestra Association. Refreshments were served by Mrs. Johnstone.

DeBayle Discusses Nicaraguan Affairs

Senor Henri deBayle, charge d'affaires of the Nicaraguan Legation, addressed a large audience last night in Corcoran Hall in a lecture sponsored by the Center of Inter-American studies. The subject of Senor deBayle's speech was "Relations Between the United States and Nicaragua."

Dr. Rudolfo Espinosa, vice president of Nicaragua, who is on a world tour attended the meeting and addressed a few words to the audience.

Another prominent speaker will be heard next Monday night in Corcoran Hall, at 8:15 p. m. Senor Hector David Castro, Minister from El Salvador, will discuss "El Salvador and its Immediate Problems." The lecture is open to the public.

Scholastic Group Will Pledge Two

Alpha Lambda Delta Honors Josephine Allen, Charlotte Bowman

Josephine Allen and Charlotte Bowman will be tapped by Alpha Lambda Delta, honorary scholastic fraternity for freshman women, at the freshman women's assembly in Corcoran 10, Thursday at noon. Dean Elmer L. Kayser will preside.

Miss Allen qualified for membership with a 3.6 average, and Miss Bowman, a night student, with a mark of 3.5.

Alpha Lambda Delta will give a tea Thursday afternoon from 3:30 to 5:30 in the Sigma Kappa rooms honoring the women tapped. All freshman women with averages of 3.2 or over have been invited.

Formal pledging will be Friday night at 8 o'clock in the Sigma Kappa rooms.

New Organization Hears Humphreys

Dr. W. J. Humphreys, meteorological physicist of the United States Weather Bureau and professorial lecturer on meteorological physics, will speak before Serendip, newly formed physics club, Thursday evening in Corcoran 39 at 8:10. His subject will be "The Murrur of the Forests and the Roar of the Mountains."

George Hudson is president of the club. Other officers are Harry Schwartz, vice president; and A. C. Schulman, secretary-treasurer.

Paula Weeks and Cully Cobb are members of the executive committee with the officers.

McIntyre Wins Harvard Fellowship

John McIntyre, assistant professor in law, has been awarded a fellowship to Harvard University, it was announced Saturday.

The fellowship, known as research fellowship No. 5, has a tenure of one year and will be used in work towards the degree of Doctor of Juridical Science.

Although it was not possible for Prof. McIntyre to definitely announce his plans in regard to the fellowship, he will probably work within the general field of governmental corporations.

Professor McIntyre holds the A. B. magna cum laude from Wittenberg College and that of LL.B. from the University of Cincinnati. He is faculty editor-in-chief of the University Law Review and has been a member of the faculty here for four years.

He is a member of the Order of the Coif.

Costa Rican Minister Talks Before Smoker

Senor Don Manuel Gonzalez-Zeledon, minister resident from Costa Rica, was guest speaker at a smoker meeting of Delta Phi Epsilon, national foreign service fraternity, Wednesday at the Acacia House.

Discussing the economic and cultural life of Costa Rica, Senor Gonzalez called special attention to the scarcity of revolutions in his country, which he attributed to the homogeneity of the people and to the general efficiency of the government.

He also praised the Costa Rican educational system revealing that to Costa Rica belongs the unique distinction of having a greater number of schools than she has soldiers in the army.

Worth Hurrying For

The closing date for the purchasing of a Cherry Tree is fast approaching. Dash over to publications building and have your copy set aside.

Two dollars will reserve your copy; balance on delivery on May 15.

....I'll go where you go

I'm your best friend I am your Lucky Strike

I give you the mildest smoke, the best-tasting smoke. I do not irritate your throat. You wonder what makes me different. For one thing, it's center leaves. I spurn the little, sticky, top leaves... so bitter to the taste. I scorn the coarse bottom leaves, so harsh and unappetizing. I am careful of your friendship, for I am made of only the mild, fragrant, expensive center leaves.

By John Busick

In the Mail

Mr. John Busick,
The University Hatchet,
George Washington, U.

Dear Mr. Busick:

I NOTE with unusual interest your stories in The Hatchet last week apparently rejoicing at the appointment of William Reinhardt of Oregon as basketball coach. Reinhardt made a fine record at Oregon and probably is a good man but I doubt if he was the most logical choice for the position.

In the past place Reinhardt has said that he will use the Western style of basketball. This calls for the fast break and also uses a big man to the best advantage. I believe he will find difficulty in using both here.

Most of the squad coming back are Eastern players who have played the slow break and block practically all of their basketball lives. Logan used that type of ball here this year, for the most part, and it is logical to think that they can change to the Western style without losing some of their effectiveness?

In the second place will these men fill the bill for height? Such men as Kiesel and Goldfraden, and perhaps Leemans might fill the order, but Schoenfeld, Berg, Freilicher, and the majority of the freshmen coming up will be left out in the cold if height is the chief standard.

Another phase of the situation that amuses me, aside from the coaching part, is the way Pixlee is squirming at the "Cousin Bill" accusations from the press. I can't see where it makes much difference whether he's a cousin or not. If Pixlee wants him on the staff and he makes good, the relationship, if it exists, doesn't matter.

Intramural Sports
Hum This Week

Intramurals will begin to hum this week with tennis, golf, horse-shoes, and ping-pong scheduled. Pairings will be announced by Jean Sexton, supervisor of intramural sports.

The number of entrants has not been as large as last year, but more spirited competition is hoped for. Barney Welsh, District champion and former Duke University star, heads the list of contenders for the tennis singles crown. Maurice Rosenberg, '33 Central net captain, and Morris Stolar, '34 Tech High star, are also entered in the singles.

Rolls 142 Opener
To Beat Woodward
'34 Greek Champ

Rolls 352 Total to Tie Winning Score of Last Year's Tournament

Robert Jackson, of the interfraternity champion bowlers, Phi Sigma Kappa, won the second annual interfraternity sweepstakes Saturday night at the Rendezvous Alleys with a score of 352. The same score won last year's tourney.

Everett Woodward, D. T. D., the defending title-holder, followed with 336 while Connie Plant, P. S. K., scored 321.

Rolls 142 Game

Jackson started strongly by cranking up his pitching arm and bowling over the pins to the tune of a 142 game. However, he suffered a letdown in his next game and rolled a lowly 91. In the meanwhile, Woodward was rolling 122 in his first game and 109 in his second to come within two pins of Jackson. Plant dropped out after rolling 102 and 123. In his final game he had a flock of splits for 96, which ended his chances.

This left Woodward and Jackson, the last men to roll, fighting it out for the championship. Both made a strike and a spare which placed them at a 61 fifth box tie. At this point, Jackson sent the pins flying with a strike and was never again headed. His last game was 119 and Woodward's was 105.

Individual Scores

Jackson, P. S. K.	142	91	119	352
Woodward, D. T. D.	122	109	96	327
Plant, P. S. K.	102	123	96	321
Wildes, T. U. O.	81	112	118	311
Edwards, E. M. S.	103	88	119	310
Petrie, S. M. S.	105	90	115	310
Walstrom, T. U. O.	91	96	121	308
Hill, T. U. O.	100	101	103	304

Guards To Shoot
Here On Saturday

Parsons Men Point for National Intercollegiate at Navy April 6

G. W. rifers will face a five-man team from the National Guard tomorrow in a shoulder-to-shoulder match to be shot off on the local range. The match is the first of two practice matches arranged by Coach Parsons in preparation for the National Intercollegiate matches which will be shot April 6 on the Navy range.

In the final league match of the year the Parsonsmen rolled up a five-man team total of 1384 against V. P. I. As the match was shot "by wire" the complete and official National Rifle Association results will not be released until next week.

The G. W. scores:
Mulligan.....94 94 88 280
Cross.....96 94 87 277
Hornbrook.....99 91 89 279
Pee.....97 84 85 276
Turnbull.....98 95 87 276
Other men shooting for G. W. and their total scores were: Neal, 275; Miller, 270; Allen, 258; and Martin, 252.

S. A. E., Phi Sigs Seen as Strongest
Greek Nines; Season Opens April 7

By Sid Carroll

S. A. E. and Phi Sigma Kappa loom as the outstanding contenders for the interfraternity baseball crown as the opening games, only ten days off, drew near. The Sig Alpha, defending title holders, have a trio of star players in Jack Kelly, John Sheiry and Herb Reeves. Both Kelly and Sheiry were named on the all-frat team last season. Kelly played right field and Sheiry caught. Reeves made quite a name for himself in intramural ranks.

The Phi Sigs, last year's runner-up, have already put three out of four fraternity cups on ice and see no reason for not continuing in their winning ways.

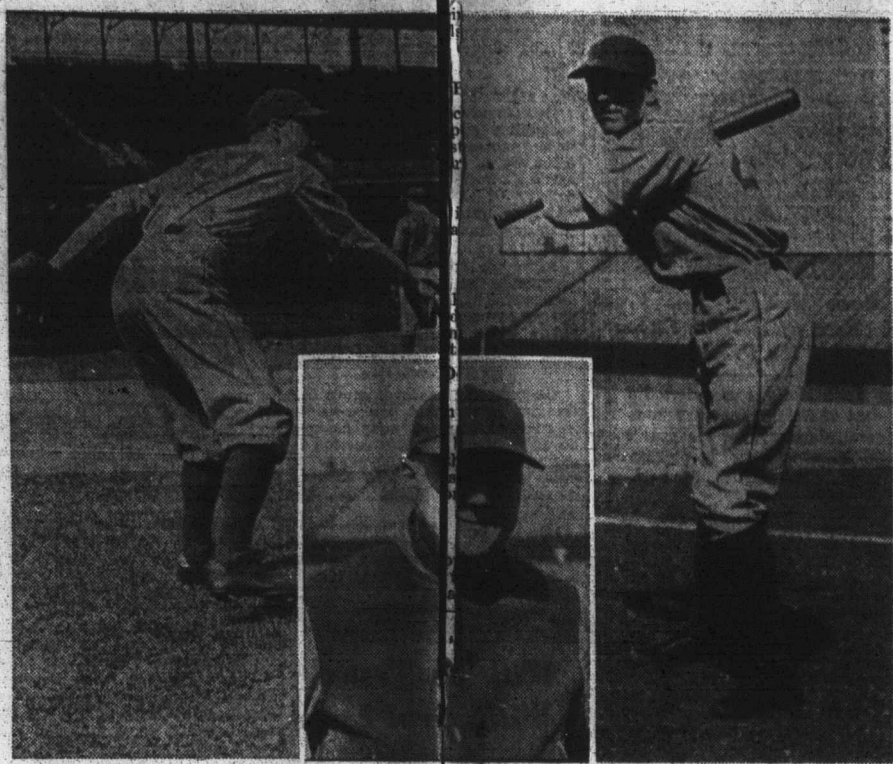

Ed Clark and Hal Kiesel, of varsity fame, will add power to the bats of the Phi Sigs. Other players include Bob Bowman, the Stehman brothers, Connie Plant and Al Corbin.

S. A. E. meets Sigma Nu, while P. S. K. opposes Kappa Alpha in the openers on April 7.

APRIL 14
LEAGUE A—Kappa Sigma vs. Sigma Phi Epsilon, Phi Sigma Kappa vs. Kappa Alpha, Theta Delta Chi vs. Sigma Chi.
LEAGUE B—Delta Tau Delta vs. Acacia, Sigma Alpha Epsilon vs. Sigma Nu, Upsilon Omega vs. Sigma Mu Sigma.

APRIL 15
LEAGUE A—Sigma Phi Epsilon vs. Kappa Alpha, Theta Delta Chi vs. Phi Sigma Kappa, Delta Tau Delta vs. Sigma Chi.
LEAGUE B—Acacia vs. Sigma Nu, Theta Upsilon Omega vs. Sigma Alpha Epsilon, Sigma Mu Sigma vs. Delta Tau Delta.

APRIL 22
LEAGUE A—Phi Sigma Kappa vs. Kappa Sigma, Theta Delta Chi vs. Kappa Alpha, Sigma Chi vs. Sigma Phi Epsilon.
LEAGUE B—Sigma Alpha Epsilon vs. Sigma Nu, Acacia vs. Theta Upsilon Omega.

Only Three Veterans Report As Nine
Attempts to Rebuild In One Week

Colonial diamond aspirants are hard at work getting in shape for their opening game in less than a week. Only three veterans are out—Captain Cal Griffith, ace pitcher, left, and Bill Albert, one of last year's best hitters. Coach Morris, center, must completely rebuild.

Ghormley Stars in Final Splash
For G. W.; Team Loses District Title

Swimming Captain, Eastern Inter-collegiate Champion, Will Graduate

Dyer Ghormley, 1934-35 swimming captain, made his last big splash for G. W. Saturday in the District A. A. U. title meet at the Shoreham Hotel. He will be graduated in June.

The Colonials lost the District title, finishing fourth, trailing the Shoreham Club by seven points but Ghormley was high individual scorer with 10.38 points to Buddy Hodge's (Shoreham Club) 9.55.

Ghormley who holds the Eastern Intercollegiate 220-yard breaststroke championship and record as well as a multitude of pool records was again first to the line in the 220-yard breaststroke. In addition he scored a third in the 50-yard dash and a third and a second as a member of the G. W. medley and free style relay teams.

Churning through the water in the final leg of the 400-yard free style relay the G. W. captain came within inches of overcoming a 20-yard handicap which he had at the tap and finished second to the Shoreham Club.

The Shoreham swimmers and the Men's Y amassed a total of 30 points each, but the former was awarded the title on the basis of the most first places. Central

DYER GHORMLEY

High scored 24 points and G. W. 23.

Beverly Carter, the Colonial's other principal scorer, placed third in both the 220 and 100-yard free style swims. He also swam on the medley relay team.

Pansies Win Blue
Ribbon in Flower
League Basketball

There are flowers, and flowers, but the Pansies proved themselves to be the flower by winning the championship of the "Flower League", the annual intramural basketball tournament conducted by the athletic department.

Second place honors were taken by the Violets, while third place was copied by the Roses.

Bill Parrish, of the Brain Trust, was high point scorer, totalling 52 points. He was followed by George Trinitash, of the Pansies, and Jack Williams, of the Daisies, who scored 37 and 30 points, respectively.

Morris Has Only Captain
polder as Nuclei
polder as Nuclei

By John Busick

Less than a week remains before Coach Ed. Morris sends his nine into its season opener with Dartmouth and as yet the genial Ed is still very much in a quandary as to whom will replace the six regulars he lost from last season's team.

From the aggregation that won 11 out of 13 games, the victories all coming in succession, Morris has only Captain Cal Griffith, right hand pitcher, Bill Albert, right fielder, and Marshall Melpolder, another gardener who patrols the left pasture. Experienced reserves on hand are Clarence Berg, reformed catcher, and Bill Tarver, the lanky right hander.

Not Optimistic

After a week of practice in which he was able to hold only one outdoor drill of any consequence, Morris is far from being optimistic about his prospects. With so few veterans available, he must find replacements almost entirely from a large, but practically unknown group of recruits.

His biggest task is to completely rebuild the infield. Fitzgerald, Captain Zahn, Smith, and Russell, the members of last season's inner cordon which was the backbone of his team, must all be replaced. In addition to these losses, Archie Scrivner, crack little southpaw who joined the pro ranks, Don Bomba, catcher, and Gene Carns, heavy-hitting center fielder, are gone.

Recruits Spirited

Morris' squad of recruits is the largest and most spirited he has ever had here, he says, but his starting team at best will be inexperienced and untried. Although the opening lineup is very tentative, the coach is beginning to get an idea of just how his team will look.

Fortunately, his pitchers are not the biggest problem. Griffith won four games in most impressive style last spring and should be in prime shape to fill Archie Scrivner's shoes as the number one moundman. Griff is not possessed with a world of stuff but he has enough to get by with and makes up for this lack with uncanny head work in the box.

He relies on his team a great deal and they responded more confidently behind him than Scrivner.

(Continued on Page 6)

Juggling of Potential Champs
Begins as Spring Brings Out
Intramural Nines for Practice

The crack of the bat, the zoom of a liner, and the thud of the pitcher's fast ones into the catcher's mitt, all signs of the return of the grand old game for another season will take place this week as the intramural baseball managers call out their men for first practices. For the first time in intramural history each team will take the field practically intact as the regular season opens April 3, but in true intramural style there will be numerous changes before the chase begins.

Kiesel With Pre-Meds

Pitchers will be shifted to the outfield, catchers converted into first basemen, shortstops switched to backstops, and there'll be five times as many twirlers as other candidates until the veteran "Cotton Macks" weed 'em out. Lots of old faces but all in new jobs will be the order of things.

Last year's champions, the Pre-Meds, are strong and will be the team to beat. Manager Payne is banking heavily on two star twirlers, Hal Kiesel, who was tops in the Governmental League last year and Heinie Weingartner, star of last season's intramural race.

With every man back from last year's second place team, the Engineers expect to give trouble. Weak on the mound, they must unearth some pitching talent to aid Johnny Sheiry. More batting punch also is needed to make them a championship contender.

Junior College seems to be powerful although its fate depends largely on whether certain men stick with the varsity. Tuffy Leemans, who ranked second only to Weingartner in pitching ability last year, is working out under the eye of Coach Morris but will probably pitch for the Juniors. The Juniors will have some high class sluggers back in Reeves, Plotnick, and McGibbons.

Depend on Varsity

Columbian College and Pharmacy are rather uncertain quantities. As with Junior College, Columbian's chances hang on whether such fine players as Red Rathen and others remain with the varsity. Pharmacy is depending on better spirit and more experience to lift them out of their habitual cellar berth.

The intramural baseball schedule is as follows:

April 2—Columbian College vs. Junior College.
April 3—Pre-Med vs. Pharmacy.
April 4—Engineers vs. Columbian College.
April 5—Pre-Med vs. Junior College.
April 6—Junior College vs. Engineers.
April 7—Pre-Med vs. Columbian College.
April 8—Engineers vs. Pre-Med.
April 9—Pharmacy vs. Junior College.
April 10—Junior College vs. Pre-Med.
April 11—Engineers vs. Pharmacy.
April 12—Pharmacy vs. Engineers.
April 13—Columbian College vs. Pre-Med.
April 14—Junior College vs. Columbian College.
May 1—Pre-Med vs. Engineers.
May 2—Junior College vs. Pharmacy.
May 3—Columbian College vs. Engineers.
May 4—Columbian College vs. Pharmacy.
May 5—Engineers vs. Junior College.
May 6—Pharmacy vs. Pre-Med.

Managers Needed

Two men are needed as managers for the Columbian and Junior College intramural baseball teams and all men interested should report to Max Farrington immediately. The following managers have been appointed: Russell Payne, Pre-Med; Robert Mainfort, Engineers; and Harry Rubin Pharmacy.

Zahn Will Play
Minor League
Baseball

"Otto" Zahn, captain and second baseman of last year's nine and former captain and star of the basketball team, was signed by the Johnstown Club of the Middle Atlantic baseball league last week.

Field leader of last season's great team, Zahn joined the NRA nine at the end of the college season last summer and reached his stride with the government league outfit which was one of the strongest in local circles.

During the past winter he has been employed in Gettysburg, Pa., where he played basketball with the Fleetwings, crack semi-pro quint. He appeared here when his team met the Heurich Brewers and later starred against the Brewers when the teams met in Gettysburg.

Zahn is a consistent batter and plays either shortstop or second base equally well.

Red Ruler, Court Star,
Transfers To Harvard

Henry "Red" Ruler, varsity court star of several seasons, has been accepted by the Harvard Medical School and will go to Cambridge next fall. He won two basketball letters while maintaining the highest scholastic average of all varsity athletes—with a perfect point standing of 4.

"Bill" Bell '36 says—

The Kuppenheimer Champion worsted suits at Grosner of 1335 F Street are just about the best style and best value that Kuppenheimer and Grosner are working together could produce. The window display showing them is worth looking at even if you don't want to buy anything.—(Adv.)

Pro Ball Player Is Particular About His Training
More Exacting Than Football Man, Roland Logan Writes

Editor's Note: Roland Logan, trainer of George Washington athletes, is in his first season as a trainer of a big league baseball team—Tom Yawkey's Boston Red Sox. This is the first of a series of articles written by him on his experiences.

By Roland Logan
SARASOTA, Fla.—Training a big league baseball team is not like training a college football team.

First, football camp is not as tough as spring training in baseball, at least on the trainer. They do not work in units as in football; hence they are requiring all

types of treatments. The work piles up and I often find myself swamped.

The baseball player is more particular as to the type of manipulation, massage, and general treatment. He must produce or be "farmed out" to the minors, which is worse than being dropped from the first string to the third string in football.

A Swell Bunch

Personally I think that they are a swell bunch of fellows. They will do anything in the world for you that is humanly possible.

Joe Cronin has laid down the rules with respect to the kind of work, the amount of sleep, and general regulations. The players are adhering to them in great style.

Grove's arm is swell. George Pipgras' arm is O. K. In fact, all are in great shape. (I am getting as superstitious as ball players) so I am "knocking on wood" after that statement regarding the arms of Grove and Pipgras.

In conclusion, I like the work. It's truly interesting and fascinating. Getting back to G. W., I really miss the bull-fests, basketballs, and Bassin's coffee. How's that for alliteration or illiteration.

LOGAN

Martin Directs Carnival Radio, Lighting Effects

Special Illumination Will Be Used on Fiesta Lot, Entrance

The public address and radio broadcasting system as well as the lighting effects of the 1935 Fiesta will be under the direction of Philip Martin, Sam Futrovsky, director of the Fiesta, announces.

Martin, graduate of McKinley High School last year and formerly president of the student government there, is a licensed motion picture operator, and has been actively connected with lighting and radio work for more than five years.

Special Effects Planned

Special lighting effects will be used all over the Fiesta lots, Martin said, and many varied-colored spotlights and floodlights will be used. Special lighting effects will also be used on the entrance to the Fiesta grounds now being planned by the directors.

The public address system will include many small units in addition to four large directional horns on the Fiesta lots.

Broadcasts Listed

Rebroadcast of radio programs, local talent, recordings, special talks by faculty members and officials of the Fiesta, and announcements of times of the various attractions will be broadcast over the system.

Martin announces that positions as technicians in all branches of the system, including radio operators, control room operators, light controllers, motion picture experts, and stage lighters are open. Applications should be made through the Student Council office, second floor rear, Building O, either in writing, including schedule of classes, or in person on weekdays except Saturdays from 2 to 6 p. m.

Geological Society Observes Founding

Sigma Gamma Epsilon Will Have Edward Henderson As Speaker

Sigma Gamma Epsilon, professional geological fraternity, will hold a founders' day banquet at the Iron Gate Inn, 1834 N. St., Saturday at 7 p. m.

Edward T. Henderson, curator of minerals at the Smithsonian Institution, will be the principal speaker at the banquet, which is held to celebrate the eighth anniversary of the founding of the local chapter and also in honor of the founding of the fraternity. Members of the Bureau of Mines and the Geological Survey will be present.

Myer H. Stolar, president of the chapter will preside. After the speeches, moving pictures of the production of petroleum and copper, lent for the purpose by the Bureau of Mines, will be shown.

Engineer Alumnus Dies at Age of 65

Col. Charles A. McKenney, 65, prominent Washington civil engineer and graduate of Columbian College, died in the University Hospital early Saturday morning after an operation.

Colonel McKenney built the 16th st. reservoir and the Bryant st. pumping station. During the War he served as a colonel in the army engineer corps.

For the past ten years he has been in private practice.

Three Veterans Report for Nine

(Continued from Page 5.) last year. Never bothered with nerves, Cal extends himself only when pushed and usually manages to keep the jump on the batter. He will probably start against Dartmouth.

Tarver Has Experience

Battling for the number two pitching role are Bill Tarver, who has shined well under fire on several occasions, Vinnie DeAngelis, a newcomer whose chief stock in trade is a tantalizing slow ball, and Bill Noonan, who did some pitching on the varsity year before last. Noonan had a good season on the sandlots last summer and may deliver the goods this time.

The only southpaw on the squad is Billy Backus, little Virginian who hails from Episcopal High. Backus has not had much experience and is not calculated to do much work for another year.

Stapleton Classy Fielder

Despite a shortage of infield candidates, Morris has a few promising boys to call on. At first base Lefty Johnson steps around nimbly enough and looks good to fill Fitzgerald's big shoes. Jack Williams and Lee Felon are leading the contenders for second base. Tim Stapleton, who looks to be the class of the new infielders, is at short, and Clarence Berg and Red Rathjen have the nod at the hot corner.

In the outfield Albert and Mel-polder, the hold-overs who both swing a wicked bat, should get two of the posts. "Trader" Horne, Tuffy Leemans, Jack Webb, and Herb Reeves, last year's leading intramural batter, are clashing for the other job.

Honorary Groups Elect Officers for Next Year

Edward Crouch, Fred Rawlings To Head Gate and Key

Edward Crouch was elected president of Gate and Key, honorary interfraternity society, and Fred Rawlings was elected vice president, at a meeting held last Wednesday in the Acacia house. Crouch is a member of Sigma Nu and Rawlings is a Sigma Phi Epsilon.

Other officers elected Wednesday include John Swayze, Phi Sigma Kappa, secretary; Everett Woodward, Delta Tau Delta, treasurer; and Leonard Stevens, Theta Delta Chi, social chairman. The officers, elected at a meeting, will be inducted at the close of the next meeting, April 3, Charles Chestnut, retiring president, announces.

Initiation of the 13 men tapped at the Interfraternity Prom will also take place on April 3 at the Sigma Nu house. Following the initiation ceremonies there will be a beer party.

The new initiates will be honored on April 7 at a tea dance at the Sigma Phi Epsilon house. The dance, from 5 to 8 o'clock, will be closed, and each member will be allowed to invite one guest outside the organization.

Honor Fraternity Elects Barnett

Phi Eta Sigma Chooses Harding Vice President, Rapce, Secretary

Edmund C. Barnett was elected president of Phi Eta Sigma, honorary freshman scholastic fraternity, at a business meeting of the fraternity following the initiation ceremonies and banquet Thursday night.

Other officers elected for the coming year were Davis Harding, vice president; and Lawrence Rapce, secretary-treasurer.

The five men who qualified for membership in Phi Eta Sigma by making a 3.5 average during the first semester, and who were initiated Thursday night are: Edwin M. Cagle, Cully A. Cob Jr., Richard C. Evans, Jack R. Harlan, and Robert F. Turnure.

Dean William C. Johnstone, who was made an honorary member at the initiation ceremonies, was the principal speaker at the initiation banquet in the Home Economics building after the initiation. Dean Henry G. Doyle, who has been an honorary member of the George Washington chapter since its founding in 1929, also spoke.

Lack of Student Interest Leads Friars To Disband

The Friars, a local fraternity with a University charter, disbanded in the middle of this month, explained Milton Schellenberg, because he felt that the limited membership might reflect lack of interest in the University as a whole.

The members are still together as a social group, but are not officially recognized. Schellenberg indicated that a re-organization would be effected only if there were a sufficient number of students who evinced a definite interest in the society.

Kayser to Speak
Dr. Elmer L. Kayser, dean of University students, will speak on "Some Aspects of the Italian Renaissance" at a meeting of the Italian-American Society on April 5 at the Mayflower Hotel.

Calendar

Today
Alpha Pi Epsilon, Bldg. C, 7:30 p. m.
History Club Card and Bingo Party, Columbian House, 8 p. m.

Tomorrow
Alpha Epsilon Iota, Columbian House, 8 p. m.
Speakers Congress, Corcoran 12, 8 p. m.
Freshman Deficit Dance, Phi Sig House, 10:30 p. m.

Thursday
Newman Club, Chapel of Adoration, 14th and V sts., 8 p. m.

Saturday
Sigma Tau Alumni Association Luncheon, Sholl's Dining Room, 3:30 p. m.
Sigma Gamma Epsilon Banquet, Iron Gate Inn, 7 p. m.

Ruth McNary New President of Delphi; Bacon Vice President

Ruth McNary was elected president of Delphi, honorary interfraternity society, for the year 1935-36 at a meeting last Thursday night. McNary is Pi Beta Phi delegate.

Betty Bacon, Kappa Kappa Gamma representative, was elected vice president. Larry Worrall of Zeta Tau Alpha was elected secretary, and Barbara Fries of Phi Mu was elected treasurer at the same meeting.

Nine women, prominent in their sororities, will be tapped by Delphi at the Panhellenic Prom, to be held April 6 at the Willard Hotel. Membership in Delphi is limited to two women from each sorority. New members are elected when vacancies occur because of graduation. Election is on a basis of the student's activity in campus affairs and prominence in her sorority.

Ruth McNary stated that the women who are to be tapped at the prom will probably be initiated within two or three weeks after they are pledged.

Jane Hughes is the retiring president of Delphi and Mary Perrin is retiring secretary.

Math Professor Speaks On Waring's Problem

Dr. Francis E. Johnston, associate professor of mathematics, spoke on Waring's Problem at last week's meeting of the Mathematics Club. New members elected at the same meeting are Rose Cassidy, H. N. Cones, Ann J. Hitt, Bertha Kaul, Mary R. Macaula, Gladys Pinchint, and Beatrice Stass.

At the meeting to be held next Tuesday Beryl Silt will give a talk on "The Classification of Cubic Curves".

Atoms, Elements Gamow Subjects

Visiting Professor Says Little Chance of Changing Lead to Gold

Dr. George Gamow, visiting professor of theoretical physics, in a lecture last Friday on "Artificial Transformation of Elements" showed there is little chance of science ever being able to change the baser metals to gold or of releasing atomic energy for human use.

Nuclear bombardment
Dr. Gamow extended that the possibility of penetrating the interior nuclear structure of an element by a bombardment beam decreases as the density of the element increases. In fact, it is not more than one-thousandth of one percent.

Although it might be possible to change lead into gold by this bombardment, he continued, the energy released in the process would be one billion times more valuable than the gold produced.

Summative
Undoubtedly, according to Dr. Gamow, in such hot places as the interior of our sun, such changes do take place, but destruction of everything within thousands of miles would result were such an experiment conducted on the earth.

Dr. Gamow's next lecture will be April 15, on "The Structure of Stars", and following that, on May 3, he will give the last of his series, "Cosmic Rays".

Medical Seniors Will Be Tested With Oral Exam

Medical School seniors will be given a comprehensive oral examination at the end of the year, in lieu of the usual semester written examination, it was decided at the last meeting of the faculty of the school.

Each senior will appear before a committee of the faculty for the new test, which will cover subjects of the four year curricula. This new system is an experiment of the faculty in an attempt to test more comprehensively the knowledge of its seniors before certifying them for graduation from the Medical School in June.

Rehearsals Omitted

Due to the Troubadour production there will be no regular rehearsals of the Mens Glee Club this week, according to Dr. Robert Harmon, director. A joint rehearsal of the men's and women's clubs has been scheduled for Saturday in Corcoran 29 after the regular rehearsal of the women's club.

Peace Hangs on Thread, Kayser Tells His Class

"The peace of Europe hangs on the narrow thread of British diplomacy," declared Dr. Elmer L. Kayser in his Current History lecture on Germany and her sudden scrapping of the Versailles Treaty.

Although during the last week, the Reich, according to Dr. Kayser, has staged sham air-raids, stiffened its new anti-Semitic policy, and curbed the protests of 700 protestant pastors against present policies, it did not see fit to reopen conversations with Sir John Simon, British foreign affairs secretary, with a view to settling outstanding differences between the former allied powers and Germany.

The action of Germany in scrap-

ping the Versailles Treaty and re-arming hurried Europe into a maelstrom of diplomatic headaches. France immediately dispatched a note to Berlin protesting against the treaty violations, and haranged Berlin for making pending European peace negotiations now practically impossible. At the same time the French demanded of the League of Nations (termed by Dr. Kayser as the "rump parliament of nations, bossed by France for its value as protector of the Treaty of Versailles") an "immediate and specific examination of the situation."

Italy, however, has informed German Foreign Minister Baron von Neurath that "she is ready to discuss revision." In Moscow, the Soviets answered by arresting 700 alleged aristocrats for "plotting against the Soviet in the interest of a foreign power."

The British plan for tactfully dealing with the problem involves the long-delayed Berlin visit by Sir John Simon early in April. Simon will be accompanied by Captain Anthony Eden, Lord Privy Seal. Eden, at present in Paris conversing with Pierre Laval, French foreign minister, and Fulvio Suvich, Italian under-Secretary of foreign affairs, will leave Berlin on April 16, for Moscow. From Moscow he will go to Prague, Czechoslovakia, completing negotiations.

League Needs Germany

"Whether the British plan will be successful depends upon the willingness of Europe to allow Germany only a verbal spanking," Dr. Kayser concluded. "If this were so, and Germany would re-enter the League at its April meeting, peace would be merely in the offing. For were Germany to be a power in the League, that body would no longer be merely a 'rump parliament' run by France, but a body able to devote itself to the important aspects of world tranquility."

Alpha Pi Epsilon Entertains Majors

Mary Spensler, Departmental Graduate Student, Will Speak

Alpha Pi Epsilon, honorary home economics fraternity, will entertain a group of home economics majors tonight at 7:30 in their clubroom on the third floor, Building C.

The program to be presented by members of the fraternity will be opened by the reading of a paper on "Home Economics Practice Houses in the United States and Canada" by Sarah Briskien.

Mary Spangler, graduate student in the department will speak on "The Master's Thesis".

The phases of home economics in which they are engaged will be discussed by Kathryn Gray, who is in charge of Woodward and Lothrop's bakeshop; Lucy Knox, teacher; and Catherine Cowdill, who does Associated Charities' work with families.

Ted Kimball Now Radio Announcer

Ted Kimball, law alumnus, and at present an announcer at Station WMAL, has served as announcer for the student program, the Radio Forum.

Kimball is a native of Salt Lake City, Utah, and formerly attended the University of Utah. He came to the University last year as a Junior and entered Law School. He plans to continue his course this autumn.

In addition to the announcing of most of the George Washington programs, Kimball also is in charge of WMAL's "Evening Album", and most of the educational hours. He occasionally gives lectures on electrophysics.

Armaments Topic Of Open Forum

Speakers' Congress Will Discuss German Situation Tomorrow

Students interested in the present European situation will be given an opportunity to voice their opinions at the Speakers Congress tomorrow night.

The foreign relations committee will present the proposition, "Resolved: That Speakers Congress go on record as favoring the rearming of Germany". Lee Roark and John Barbers will report for the affirmative, and the negative will be presented by Frances Humphrey and Felix Bunch. Afterwards the resolution will be discussed in open forum.

Last week the Congress voted down a resolution to support the student strike against war called for April 12 after a heated open forum debate that lasted two hours. Roger Lloyd and John Barbers reported for the negative. "I believe in speaking softly and carrying a big stick," Lloyd declared, quoting Theodore Roosevelt. The affirmative was upheld by Charles Colman and Frank Brisebois.

Earl Eisenhart was elected to membership in the Congress Wednesday night.

Student Injured

Joe O'Brien, University student, was struck by an automobile Saturday night on Sixteenth street between L and M. He suffered slight injuries about his left hip and ankle. After treatment at Emergency Hospital he was sent to his home.

A Stay-at-Home

Just an old-fashioned girl laboriously penning her assignments. Her sorority sister is out on a date. She did her work in a jiffy on an Underwood. For a demonstration of quick means of doing time-taking tasks, call District 1630.

UNDERWOOD

Elliott-Fisher Co.
Homer Bldg. 13th & F

Anything else Sir?

Nothing else — they Satisfy!

Cigarettes are made for your pleasure and for your enjoyment... nothing else.

And when a cigarette gives you the enjoyment that Chesterfields do there are no "ifs" "ands" or "buts" about it...

They Satisfy
